April 24th, 2020 - i like it when the bully and victim end up as friends in the end it  
shows that the bully isn't pletely evil in a first person novel or a third person with a  
strong pov i think it's justified to portray the bully as pletely evil after all  
everything's shown through the victim's eyes and the victim won't see the good side to  
the bully''
