**'customer reviews the wright brothers a  
September 14th, 2019 - it was a slightly  
different take on the wright brothers than the  
other book we had read i get the sense that this  
one was a little more objective of a perspective  
for example in the paperback book it said that  
representatives from france and england came  
to the wrights to offer to buy their plane and  
that the wrights flatly turned them down we re  
americans"***booktopia true stories amp non
