effect of such trauma on a child
s development and how the
resulting torment eventually
brings this child as an adult to
psychotherapy'

'Hypnosis Wikipedia the free

encyclopedia

November 20th, 2019 -

Hypnosis typically involves an introduction to the procedure during which the subject is told that suggestions for imaginative experiences will be presented. The hypnotic induction is an extended initial suggestion for using one's imagination and may contain further elaborations of the introduction.
