about water footprint  
water and footprint'

'resource footprints and  
their ecosystem  
consequences

May 25th, 2020 - impact  
footprints of nations are  
shown for total land  
occupation a and water  
consumption c the ranking  
of nations based on their  
footprint differs sharply  
when viewed as traditional  
pressure''the virtual  
water project

May 29th, 2020 - the  
theory excerpt from  
waterfootprint virtual  
water content the virtual  
water content of a product  
a modity good or service  
is the volume of

---

---

freshwater used to produce  
the product measured at  
the place where the  
product was actually  
produced production site  
definition'

'water scarcity footprints  
by considering the  
differences

June 2nd, 2020 - water  
resources have uneven  
distributions over time  
space and source thus  
potential impacts related  
to water use should be  
evaluated by determining  
the differences in water  
resources rather than by  
simply summing water use  
we propose a model for  
weighting renewable water  
resources and present a  
case study assessing water  
scarcity footprints as  
indicators of the  
potential impacts of  
water'

'carbon water land and  
material footprints of
